### Blowing in the wind

by NATASHA SCHMALE/Advocate Staff

Published: December 04, 2008 8:05 AM

Suspended by a rope Tara Battram from For Trees Company Ltd. doesn't seem to mind the gusts of wind as she reaches out to prune the branches of a large tree in a residential yard in the Red Deer community of Mountview this week. The fall and winter months are best times to prune trees and remove dead branches to help improve the health of the trees.
